

## **Rivers United Church**

Rivers United Church commemorated the 100<sup>th</sup> anniversary in a few different ways. In April, the church family participated in sittings for a Church Pictorial Directory. On the cover, the words “Celebrating 100 Years as a United Church of Canada” were printed under a picture of the church building. A second centennial project was the construction of a Stacked Stone Planter on the west side of the church building. This was made possible by grants from the Rivers and Area Community Foundation. On June 8<sup>th</sup>, the pastoral charge marked the 100<sup>th</sup> anniversary at a special service, followed by the sharing of cake and ice cream.
